

Notes for Parents

Please use these worksheets to encourage your children to think further about the children's talk.

Sheet 1 is for younger children. Drawing the three pictures should help them remember what was said in the talk. Then they are asked to draw Andrew's face to show how he felt about meeting Jesus (happy or excited). Finally encourage them to think about someone they could tell about Jesus.

Sheet 2 is for older children. There is a wordsearch to find some of the key words in the story. Also there is a quiz to help them remember that some of the words mean the same thing. They may need to look this up in a Bible (available at the back of church if you are doing this in church (page 1064)). Finally encourage them to think of people who might want to hear about Jesus. They should write their name in the middle oval, then the names of the people they think might want to know in the other ovals. They should write how they know them alongside the arrows (e.g. "friend", "brother" etc.)
